

# THE WINNING TICKET.

That is What the Republican Ticket Should Be To-morrow.

## IT IS COMPOSED OF THE BEST MEN

And All the Arguments That Can Be Advanced Are in Their Favor—Some Special Reasons That the Council as Well as the City Officials Should Be Republican This Time.

- FOR MAYOR,  
R. F. CALDWELL.  
FOR CITY SERGEANT,  
THOS. D. BENNETT.  
FOR CITY CLERK,  
CHAS. E. DANNENBERG.  
FOR WHARFMASTER,  
J. W. NORRINGTON.  
FOR COUNCIL, FIRST BRANCH,  
First ward—William T. O'Neil.  
Second ward—J. R. Britts.  
Third ward—Herman Zwicker.  
Fourth ward—William Vobitz.  
Fifth ward—Charles L. Ebeling.  
Sixth ward—James P. Maxwell.  
Seventh ward—W. F. McKelvey.  
Eighth ward—Thomas Davidson.  
SECOND BRANCH,  
First ward—Edward Elliott, Alex. Frew, J. Howard Wells, Daniel Arndt.  
Second ward—Benjamin F. Bachman, Samuel Uselton, J. F. Potter.  
Third ward—H. W. Fair, William G. Clator, Walter Wells.  
Fourth ward—Thomas G. Britt, Herman Hess, Edward Bodley.  
Fifth ward—D. H. Taylor, Andrew S. Hare, Stephen Waterhouse, Jr.  
Sixth ward—William Lindsey, John Reiter, Henry Kern, George M. Deviney, John Hess.  
Seventh ward—James P. Maxwell, N. C. Hamilton, David R. Tappan.  
Eighth ward—Fred C. Williams, W. E. Stathers, David Hahn, Con. Uttermoehlen.

The above are the names of the nominees for city officers and the council who should, for the best interests of the city, be elected to-morrow. The ticket, from mayor down, is a credit to the Republican party, and there is not

MAYOR R. F. CALDWELL.

a man named on it who, if elected, will not be a credit to the city. The council ticket is made up of intelligent men, good citizens, who would take care of the city's interests as few past councils have. All the nominees are worthy of support and should be elected. It is conceded that if all the voters do their duty, go to the polls and vote as their conscience dictates, the council will be Republican. A comparison of the two party tickets will not be to the disadvantage of the candidate named above. The Republican candidate for mayor, Hon. B. F. Caldwell, of whom a fine portrait appears above, is the present incumbent of that office. He has been in all respects a good official—attentive to his duties, intelligent, willing to lend his influence and aid to any good work. In trying times he has borne himself in such a way as to win the respect of all. His high character, his well known business sense, his standing in the community through a long career, fit him in an uncommon degree to fill the position of chief magistrate of the city. As judge of the police court he has shown much ability, and has judiciously tempered justice with mercy. He has, in short, made a model mayor, and should be re-elected.

Thomas D. Bennett, the nominee for city sergeant, or chief of police, is no stranger to the public. He was for two terms the head of the city police, and he showed in that position nerve and executive ability which won the admiration of all who came in contact with him. The Register recently attacked him, making a charge that there was more crime under his administration than at present. This charge will not stand investigation in the light of the facts, but it should be borne in mind that Capt. Bennett had only about one-third as large a police force as now exists. He was always the actual as well as the nominal head of the police force, and since his second term ended he has been an efficient county constable, and when he could find work at his calling as an iron worker has labored at the furnace. He is held in high esteem by all for whom or with whom he has ever worked.

Of Mr. Charles Dannenberg, candidate for city clerk, the INTELLIGENCER has already given a sketch. He is a bright young business man, certainly possessing as good capacity for the duties of the position as his opponent. He has been honored with high positions by the butchers' organization, of which he is a member, is popular with all who know him, and ought to be elected.

The Register yesterday had a paragraph urging all members of the A. O. U. W. to vote for the opponents of Captain Bennett and Mr. Dannenberg—McNichol and Thoner—because these gentlemen are members of the order. This met with a storm of protest from the order, one of the cardinal principles of which is that neither religion nor politics shall be introduced into it. The very candidates who were "boosted" in this way objected as much as anybody, knowing it was a very unwise effort to make capital.

Mr. J. W. Norrington, Republican nominee for wharfmaster, is capable, steady, and worthy of the support of all good citizens. He is active in the Ohio Valley Trades and Labor Assembly, has always been a consistent union man, and his ability has fairly won him a conspicuous position in labor councils. He will no doubt "line up" as well as his fellow candidates, as well as add to the strength of the ticket in general. It would be no mistake to make Mr. Norrington wharfmaster, as a little reflection will show any thoughtful voter.

There was considerable of a sensation about the city building yesterday when a report was circulated that supporters of Chief McNichol, members of the police force and others, were trading votes for Dannenberg for votes for McNichol. It was said a good deal of feeling was occasioned by this. The Register had a second funny break yesterday. It said the Democrats

had bet the Republicans to a standstill on the chief of police. At that very moment there was \$250 at the INTELLIGENCER office, publicly announced, to be bet in sums of \$25 to \$250, that Bennett will beat McNichol. The money was still there last night, untaken.

Members of the police force are doing considerable betting on the election. One policeman is said to have placed several hundred dollars in bets on his chief. It is not presumed that he is betting his own money. Republicans who used their own money bet him to a finish. There is still money left to bet on Bennett.

The old trick of bringing voters into the Third ward is being worked again, just as it was last November. At that time the Republican committee talked about prosecuting the offenders, but prominent Democrats begged off. The matter was dropped, but it will not be this time. Any illegal vote cast will bring the penalty of the law on the guilty party, and a close watch will be kept on the different precincts.

The Democratic organ and partisans have a great deal to say, for some reason, about the "non-partisan" administration of the city government. Ask people who have sought employment at the city gas office why they did not get it. Ask men who were discharged there why they lost their positions. Non-partisan? Hah!

### SNOW KING SUPREME.

The Sierra Mountains Present a Scene of Surpassing Magnificence.

SACRAMENTO, CAL., Jan. 22.—The scene in the Sierras is one of surpassing magnificence. It seems as if the route of the Central Pacific were laid through the line of the greatest snow fall. With drifts forty feet deep and snow twenty-two feet deep on the level at the summit, the energies of the railroad people are put to the test. The rotaries are toiling in continuous streams from the roadbed, but from Gold Run to Truckee snow is falling at the rate of one inch or more an hour. Luckily the wind is not blowing and the situation is not complicated by the formidable land and snow slides that so often make rail-roading and even existence in the high Sierras perilous.

In places hardy mountaineers in the smaller towns communicate by means of tunnels through the snow. Habitations are obliterated, and the reign of the storm king, magnificent but desolate, is supreme. Trains proceed cautiously through solid perpendicular banks of snow like marble walls, towering above the coaches. The rotaries precede them in ceaseless toil, cutting the way that a couple of thousand men have prepared. The snow is falling so fast that it is not certain that the push plows will not have to be invoked to keep the way open.

The latest official reports show that during the previous twenty-four hours the snowfall was as follows: Truckee 3 inches, on the ground 7 feet 8 inches; Summit 24 inches, on the ground 20 feet 5 inches; Cascade 30 inches, on the ground 18 feet; Cisco 20 inches, on the ground 16 feet 3 inches; Emigrant Gap 18 inches, on the ground 15 feet; Blue Canyon 12 inches, on the ground 8 feet 9 inches; Towles 9 inches, on the ground 8 feet 3 inches; Gold Run 6 inches, on the ground 8 feet 10 inches; Colfax 8 inches, on the ground 3 feet.

Word was received this morning that the snow on the summit of the mountains had reached to the level of the cross arms on the telegraph poles and that four inches more of snow would prostrate every wire over the mountains.

### Transfers Recorded.

Clerk Hook yesterday admitted to record transfers as follows:

January 22 by K. W. Hamm to A. S. Arbuz, for \$911 45, the half interest in the furniture stock of the two parties, partners as Hamm & Co.

November 24 by John C. Miller and others to Leonard Ekey, for \$900, the north part of lot 149 on the west side of Chapline street, south of Twenty-third.

### An Enjoyable Ball.

The second grand ball of the Independent Crescent Club occurred last night at the Beethoven hall, on Main street, and was well attended, besides being one of the most enjoyable of the many events of a similar character that have marked the present social season in Wheeling. Dimmy's full orchestra officiated with its usual vigor.

### NOTES ON NAVIGATION.

Stage of Water and Movements of Boats.

The River Interest.

YESTERDAY'S DEPARTURES.

Scotia, Knowles, Pittsburgh, 6 a. m.  
H. K. Bedford, Green, Pittsburgh, 8 a. m.  
Courier, Gamble, Parkersburg, 10:30 a. m.  
Keystone State, Calhoun, Cincinnati, 7 p. m.  
Hudson, Agnew, Pittsburgh, 7 p. m.  
Liberty, Booth, Clarksburg, 3:30 p. m.

BOATS LEAVING TO-DAY.

Don Hur, Kemple, Pittsburgh, 8 a. m.  
Scotia, Knowles, Cincinnati, noon.  
Liberty, Booth, Clarksburg, 3:30 p. m.

The river at this point was rising pretty fast last night, the marks at 9 p. m. showing 15 feet 5 inches. Weather cold and cloudy.

The coal fleet is now passing down. The boats that passed Wheeling yesterday were: Ark and Onward, 10 a. m.; Sam Brown, 3 p. m., and J. W. Ailes, 3:30 p. m. The Pacific No. 2 went up with empties at noon.

The Scotia was delayed below by fog and heavy business and did not pass up until yesterday morning nearly twenty-four hours late. The Keystone State and Hudson were also late, not passing here until 7 p. m. Both had large trips and the Keystone added heavily here and at Bellaire. A large amount of classware was taken on at Rodger's factory.

The big packet Hudson was nearly involved in a bad accident at the public landing last night. The Keystone State was at the wharfbottom, and the Hudson swung in below to discharge a lot of salt. The Lexington was just below the Hudson, and when the latter boat tried to get out her wheel was caught on the stone sewer opening at the foot of Twelfth street. Her head was swung out into the river, and she got off without injury, only rubbing the Lexington slightly.

Captain Kline's steamer Lexington, to run in the Wheeling and Matamorras trade, did not go out on her first trip yesterday. She is lying at the public landing receiving repairs. This packet will draw less water than any boat that has run regularly in local trades for a long time—eighteen inches, about four inches less than the Phillips, whose trade she takes. She is the smallest boat on the Ohio provided with a complete electrical plant. Her cabin is furnished in a style that would do credit to a much larger packet. She has been running between Charleston and Winfield on the Big Kanawha, and was purchased by Captain Kline for \$9,000.

REPORTS FROM HEADWATERS.

Pittsburgh—River 10 feet 6 inches and rising. Weather clear and cold.  
Warren—River, 1 foot and rising. Weather, cold with light snow.  
Oil City—River 5 feet and rising. Weather, cold and snowing.  
Greensboro—River, 13 feet and rising. Weather, colder and light snow falling.

Attend Enshelmer's remodeling sale.

# "REFORM" THEIR CRY.

Meeting of the Stockholders of the Island Ferry Company.

## NEW BOARD OF DIRECTORS ELECTED

That is Now Composed of Five Instead of Nine Members as Heretofore—The Ferry May Be Operated on Contract in the Future—A Small Indebtedness Outstanding—Withdrawal of the Ferry Improbable.

Last night the stockholders of the Wheeling Island Ferry and Packet Company held their annual meeting at the Episcopal mission house for the purpose of electing a new board of directors. This meeting had been looked forward to with interest for some time, for the reason, principally, that a feeling of dissatisfaction had developed among the stockholders regarding the management of their pet, the Charleston.

The result of the election of directors was as follows: Dr. E. C. Meyers, N. C. Hamilton, F. E. McCoy, Casper Cilles and J. B. Somerville. This board is made up entirely of new men, and, it will be noticed, that the board is now composed of five men, instead of nine as heretofore. This change was made on account of the difficulty in getting a quorum of a larger board.

The officers of the company reported a small indebtedness outstanding against the company, and in the discussion on this matter, the dissatisfaction of some people with the management was brought out. The new board has not yet met to organize, but will be called in a few days. It is undecided whether the company itself will continue to operate the Charleston. It has been suggested, and the suggestion has met with general favor, that the company's board of directors make arrangements with outside people to run the boat on contract. It is thought by many that this would be the best path out of the many petty difficulties that have in the past beset the way of the several Island ferry "magazines." With the cry of "reform" that has been started by the stockholders, in their ears, the board of directors is sure to do the best possible under the circumstances. Notwithstanding the difficulties in connection with the ferry, the sentiment on the Garden Spot is claimed to be as much against the bridges as ever, and a suggestion that the ferry might be abandoned meets with indignant denials from the Islanders.

### Seats for "Shore Acres."

The sale of seats for James A. Herne's great drama will open at C. A. House's music store this morning. Says the New York Recorder: "To say that 'Shore Acres' more than fully realizes all the eulogies that have been published is perhaps the best preface to a commentary upon James A. Herne's play. When an audience is moved alternately to laughter and to tears, and both simultaneously, without off-putting good taste or in the slightest exaggerating the canons of dramatic art, when it pulsates with human emotions unaffectedly expressed, when it creates an absolute atmosphere which makes even the habitual and hardened theatre goer forget that he is witnessing a play, then must that play be classified as great."

Physicians recommend Smith Brewing Co.'s ale as a wholesome beverage.

Mr. W. J. Long.

## A Peculiar Case

Periodic Attacks of Neuralgia in the Eyes.

"C. L. Hood & Co., Lowell, Mass.:

"I write to say that I have been a sufferer for four years with neuralgia in the eyes. The pains were very severe at night, causing me to suffer winter and summer alike. Sometimes a month would lapse between spells, then I would be

Troubled Every Week, especially if I was up at night. I am a man of regular habits, 42 years of age, and employed for the past seven years by Heath, Springs & Co., well-known merchants and bankers of this place.

Hood's Sarsaparilla cured me. I bought a supply of Hood's Sarsaparilla, used four bottles and believe I am cured." W. J. Long, Lancaster, South Carolina.

Hood's Pills cure Constipation by restoring the peristaltic action of the alimentary canal.

### DRUGGISTS.

### WHAT A LADY SAYS OF

"I have used three boxes and would not be without them."

HOT WATER BOTTLES. Gum Goods, Syringes, Atomizers, Hospital Sheetings, Supporters, etc., at R. H. LIST'S, 1010 Main Street.

ONLY THE BEST QUALITY OF STATIONERY, THE FINEST INK AND THE NEATEST TYPE are used in the Commercial Printing done by THE INTELLIGENCER JOB OFFICE.

# AT WORK DOING GOOD.

Carrie A. King, the Missionary, Advises Use of Paine's Celery Compound.

The noble woman who cheerfully sacrifices health and strength to help others can be claimed by no one state or country. They are sisters, whether their work is in London with Lady Somerset, in New England with Mrs. Livermore or in Arkansas with Miss Carrie A. King. To-day the best opportunity for charity work is believed to be at home. The truest missionary work is accomplished in the familiar places among friends and associates.

One of the staunchest believers in this method of missionary work is Miss Carrie A. King, the well-known leader of charity work in Arkansas. The self-sacrificing labor of this one woman has been prodigious. She has done a world of good. It is not at all strange that her health and strength finally gave way under the strain. For years she suffered from the most distressing form of indigestion; she became weak and nervous and afflicted with severe pain. Urged on every hand by friends who were associated with her in her work, she tried Paine's celery compound.

No other remedy could have done what this did for her. She tells of its marvelous effect in a letter:

"I had been troubled for over two years with some stomach trouble which was pronounced indigestion by physicians. I was often troubled with real colic pains near the left side of the abdomen and sometimes had severe pains. As time went on I grew weaker and the pains were more frequent. There were very few things in the way of diet that did not hurt me, and I oftentimes went hungry rather than eat that I wished and then suffer pain. Besides this my work was such that it caused much mental strain and brought on nervousness."

"I used medicine almost constantly the second year, but experienced very little relief. Finally Paine's celery compound was recommended, and after taking several doses I felt helped, and after using five bottles I had no more trouble with indigestion or colic, and feel better than I have for three years. I can heartily recommend Paine's celery compound for indigestion, constipation and nervousness."

The happy result in the case of this overworked, nerve-tired woman is but one out of many thousands, in the state of Arkansas alone, both men and women, who have recovered health and vigor by means of this genuine nerve-food and regulator, Paine's celery compound.

### STOCKHOLDERS' MEETINGS.

CITIZENS' RAILWAY COMPANY. The annual meeting of the stockholders of the Citizens' Railway Company will be held at the office of the company, on Tenth street, on Saturday, January 23, 1895, at 5 o'clock p. m., for the election of directors and the transaction of such other business as may be presented.

W. A. SHIRLEY, Secretary.
